

Asahidake & Tenninkyō Information "Nature Letter"

Asahidake

It feels like summer has arrived with the snow melting quickly and the hot sunshine. The flowers seem to be enjoying the nice weather, as are the many guests on the walking trails.

Aleutian Avens and Asahidake

Siberian Dwarf Pine

Aleutian Avens in front of the Sapphire pond

Don't forget to look down as you walk, there are many pretty flowers along the path. Please make sure you don't accidentally stand on them!

Alpine plants in the Sugatami area

Beardtongues

Five-leaved bramble

Purple mountain heath

Asahidake Onsen

Creeping dogwood

Keyflower

The friendly staff at the Asahidake Youth Campsite are looking forwards to your visit. Every Saturday evening they light a campfire for guests to gather around.

Tenninkyō

Hagoromo waterfall (7/17)

The volume of water cascading down the waterfall is impressive at this time of the year. Wild grasses are also flowering along the walking path.
